TOWN WARRANT

STATE OF NEW HAMPSHIRE.

[L. S.] To the inhabitants of the town of Sunapee, qualified to vote in town affairs:—

You are hereby notified to meet at the I. O. O. F. Banquet Hall in said town on the second Tuesday of March next, at ten of the clock in the forenoon, to act upon the following subjects:

Article 1. To choose a Town Clerk for the year ensuing.

Art. 2. To hear the reports of the Town Treasurer, board of Selectmen of the town and reports of Water Commissioners, Auditors, Agents and Committees or other officers heretofore chosen or appointed, and pass any vote relating thereto.

Art. 3. To choose three Selectmen, Town Treasurer, and Road Agents not to exceed three.

Art. 4. To choose a Collector of Taxes and all other necessary town officers and agents for the year ensuing.

Art. 5. To see what sum of money the town will raise to pay outstanding debts, and interest on its Water Bonds.

Art. 6. To see what sum of money the town will raise to defray town charges for the year ensuing.

Art. 7. To see what sum of money the town will raise to repair highways for the year ensuing.

Art. 8. To see what sum of money the town will raise and appropriate for the maintenance of its public Library.

Art. 9. To see what sum of money the town will raise to pay for Electric Lights the year ensuing.

Art. 10. To see what sum of money the town will raise to pay for the maintenance of the Fire Department.

Art. 11. To see what action the town will take in regard to a Liquor Agent.

Art. 12. To see what action the town will take toward building a highway to Victor Gregory's.

Art. 13. To see what action the town will take toward repairing and extending the sidewalk at George's Mills and appropriate money for the same.

Art. 14. To see what action the town will take to provide the streets at George's Mills with lights and appropriate money for the same.

Art. 15. To see if the town will vote to instruct the Selectmen to lay out a public highway along the west shore of Lake Sunapee connecting George's Mills with the road leading from Granliden to Colgate's Cottage at Job's Creek; also to build the northern section of said road so far as may be necessary to provide a highway for cottages now built at George's Mills and what sum of money they will vote to raise and appropriate for same.

Art. 16. To see if the town will vote to authorize the Water Commissioners to lay an inch water pipe to the house of Edward R. Sargent for summer use, a distance of about fifteen hundred feet. To be completed by the first of June, 1908, and raise money for same.

Art. 17. To see if the town will vote to purchase a cesspool wagon and pass any vote relating thereto.

Art. 18. To see if the town will vote to raise or appropriate the sum of fifty dollars for sanitary work about the lake.

Art. 19. To see if the town will vote to have the Town Inventories printed and appropriate money for same.

Art. 20. To see what action the town will take in regard to paying a proportinate part of the expense of putting in grade crossing at the South part of the town and pass any vote relating thereto.

Art. 21. To see if the town will vote to make a discount of two per cent on all taxes paid on or before July 15, 1908.

Art. 22. To see if the town will vote to recind the vote taken March 11, 1902, whereby the town voted: To instruct the Water Commissioners to extend the present water service, when in their judgment said extension would pay a rate of six per cent on the money so expended.

Art. 23. To see if the town will instruct the Water Commissioners to extend the present Water service when in their judgment said extension would pay a rate of ten per cent on the money so expended.

Art. 24. To transact all other business which may legally come before said meeting.

Given under our hands and seal this twenty-second day of February, A. D., 1908.

GEORGE H. PERKINS,
WILLIAM W. FLANDERS JR.,
CHARLES A. KNOWLTON,
Selectmen of Sunapee.

REPORT OF BOARD OF HEALTH

It is with a degree of gratitude that we can make a favorable report as regards contagious diseases, there has been but one case of typhoid fever and three cases of measles, none of which have been fatal. There has been two deaths from tuberculosis, both non-residents, and the homes of the deceased have been disinfected according to instructions of the state board of health. We are sorry to inform the public that the dumping grounds below the pulp mill has been closed on account of the promiscuous dumping of rubbish over property which was not granted for our use.

Through a petition of the Lake Sunapee Protective Association the shores of the lake have been inspected by a State Inspector accompanied by some member of the several Boards of Health and many violations of the rules and regulations promulgated by the State Board of Health were found, in Sunapee forty-three notices have been served which will be in force June 1, 1908. The state has no appropriation from which they can pay an officer to carry forward this work and our summer residents are asking the town to raise fifty dollars for our part that the state can give this matter proper attention, and as Sunapee uses the water for domestic purposes we feel that the town should be doubly interested now that we have the co-operation of the Protective Association.

By a vote of the town at the March meeting of 1907 we were instructed to investigate as to the advisability of purchasing a cesspool wagon and the cost of the same, as to the need of the wagon there is no question as there seems to be no possible way that the sewerage can be properly taken care of other than to cart it back on to the farms where it will be of benefit rather than a nuisance. At George's Mills the wagon would prove a great benefit, helping this part of our town to solve a very perplexing problem.

We are pleased to give the following description of the wagon and trust that the voters of the town will consider all sides of the question before voting on this important matter.

The tank is made from the best grade of southern cypress, capacity 150 gallons and is mounted on a four spring turntable gear; Patent Archibald wheels with 4in. tires; solid Concord steel axles; pole, yokes, spreaders and trace chains. The wagon is provided with an automatic deodorizing vent; an 8in. swinging gate at the rear end of the tank; adjustable goose neck to connect with the conducting hose; filtering register; agitating pole and hoe; this together with the Edson diaphragm pump, forty-five feet of suction and conducting hose; brass couplings, wrenches, etc., complete the outfiit.

Two men can easily handle this outfit and the tank is filled in ten or fifteen minutes. The cost of this outfit which is the most satisfactory and up-to-date outfit on the market is $495., less 5 per cent for cash in thirty days.

Respectfully submitted,

CHARLES A. KNOWLTON,
WILLARD W. CHASE,
ALBERT D. FELCH,

Board of Health.

Sunapee, N. H., Feb. 15, 1908.

CHIEF ENGINEER'S REPORT
OF FIRE DEPARTMENT

Another year has come and gone and it is our duty to report the condition of the Department after another year's service. The past year has been rather an expensive one to the tax payers of the town, but we trust that none of them think that the money that was raised by taxation has been extravagantly expended. We think that we can show to all fair minded people the real value of the money expended in the improvements that have been added.

In June 1907, there was installed in the village a Gamewell Electric Fire Alarm System comprising 7 keyless fire alarm boxes and 8 private tappers at a cost of eleven hundred dollars ($1100.), this system is extensively used and is as good as any in the country. We have had no occasion to use it yet, but with careful attention which all mechanical devices must receive, it must be a very great improvement over the old system of giving an alarm for fire.

Three hundred dollars ($300.) was raised to finish the grading in front of the Fire Station on School St., which has been laid out on the same, and we think it a good job and a great improve-

ment. The property of the Department is in as good condition as last year with the exception of the hose, some of that is very poor, wish we could have a few hundred feet to replace the old. There has been a new shed built for Hose No. 2, which was very badly needed.

We have been fortunate in the past year in regard to fires, only two of any account having occured. March13 an alarm for fire in Geo. Philbrick's house, damage $30 00, house and contents, no insurance. April 22, buildings of John Gochie was totally destroyed, loss $600 09, buildings and contents. April 22 barn of Mrs. Amandy Russell, totally destroyed loss, $300 00, no insurance on any of the property. There has been a few "Still" alarms for chimney fires attended to by the firemen with no damage.

The hydrant system and the apparatus have been inspected by Inspectors of different Insurance Co's., and they give the town much praise for the protection they have against the elements of fire.

With the assistance of the citizens and the co-operation of the splendid body of men that make up the department. We hope to keep the standard of the department in the future as in the past.

Respectfully submitted,

F. M. SARGENT, *Chief.*

TRUSTEES' REPORT

OF THE SUNAPEE FREE PUBLIC LIBRARY

We regret to say that owing to the location of the room now rented for our library, it has been impossible to make arrangements for it to be open in the evening. Efforts have been made by your Trustees looking to that end as reported last year, but have met with no success.

The appropriation was not received in season for us to report any new books added since 1907, but a large list of books is now in the hands of the publishers for an estimate and will shortly be in circulation, we hope. This will necessitate some outlay from the treasury for shelf room.

The addition of the standard works mentioned in our last report has proven a good investment, judging from the fact that more are being read than at any previous time in the history of the town library.

Respectfully submitted,

ELLA M. SMITH,
GEO. H. BARTLETT,
C. H. OSGOOD.

I hereby certify that I have examined the foregoing accounts of the officers of the School District and find them properly vouched and correctly cast.

GEORGE H. PERKINS, *Auditor.*

Sunapee, N. H., Feb. 21, 1908.

SCHOOL REPORT

To the Inhabitants of the School District of Sunapee.

As our Superintendent has submitted his report to the school board we would refer you to that for the general condition of the schools. So it will not be necessary to cover the ground he has but will add the following.

During the year the school board has received the resignation of Mrs. H. K. Bradford who had served us as Principal of our Center School for four and one-half years. In leaving, Mrs. Bradford carried with her the love of the pupils and the respect of the community.

We feel fortunate in having secured the services of Miss May L. Harlow, a graduate of Oberlin College and a teacher of large experience, who is already giving good satisfaction.

Miss Amy I. Hilliard, who taught last year in the Wendell school, showed such ability that we felt justified in transfering her to the Center School, and feel we have made no mistake. Miss Lizzie G. Batchelder takes her place at Wendell.

During the fall term the Superintendent of Schools of Needham Heights, Mass., visited Mrs. J. W. Carr's school and was so pleased with her work that he offered her a salary beyond our ability to pay so we accepted her resignation with regret. Mrs. Carr did a great deal for our schools.

We were much pleased to be able to secure the services of Mrs. Eva C. Galucia who had already proved herself a success in this room.

The balance of our teachers we have been able to retain and all know of their success in their work.

Our school-houses are in fair condition, though some repairs are needed and we would recommend painting the Center School, shingling the Collins School, grading the yard at George's Mills, and making some interior repairs at the South Sunapee and Wendell Schools.

We are pleased to report that Mr. Irving G. Rowell has refunded to the School Board one hundred and sixty dollars, the amount of money the town has paid for the tuition of his children at Tilton Seminary.

We trust the school district will pass a hearty vote of thanks in appreciation for this generous gift, and that the same be placed on record.

Respectfully submitted,

HATTIE M. SMITH,
GEO. H. BARTLETT,
H. J. FOOTE,
School Board of Sunapee.

SUPERINTENDENT'S REPORT.

To the Honorable School Board of Sunapee.

All the district schools of Sunapee have been maintained throughout the year for the same length of time as the Centre School except one, and that one, owing to its geographical position and the desire of the parents based upon the age of the pupils has been open in the best equipped school-house, nearest to the pupils, longer than the term required by law.

One year ago I pointed out the necessity of giving living wages to the teachers. Your school committee acting upon my advise as well as their own judgement has risen to the occasion and placed the Sunapee schools beyond the suspicion even of the statement, which has been publically expressed by two of the highest authorities in the state; namely, that many of the schools in New Hampshire are not as efficient as they were twenty and thirty years ago. We are so far removed from that situation, through the liberality of the town, that now with our present corps of teachers, we are not only receiving the worth of the money expended, but very decided advances in the development of the system have obtained and we can point with pride to the evident betterments in our schools. The introduction of music has worked a marvelous change in the children's voices, a change that will result in their developement and not in their ruin. As they become members of the community after their schoollite, the ability to use musical tones will reach every organization and every home. The old statement that only a few can sing has long been found to be untrue. Music in the schools is educational, a recreation, and a moral uplift. It is not in that line alone, however, that we have been making substan-

tial progress. There are at least seven results which are secured by every good school:

1. Regularity in attendance.
2. Punctuality.
3. Neatness.
4. Accuracy.
5. Silence, i. e. self control.
6. Industry.
7. Obedience.

This last is worthy of special consideration. Obedience is the doing of what is commanded, and the not doing of what is forbidden; and hence it involves both a positive and a negative discipline. Every good school holds its pupils to the duty of prompt, implicit, and cheerful obedience. The organization and function of a school involves the combined action of its pupils, therefore a prompt compliance with directions is necessitated. To disobey is to arrest progress. The failure of one pupil to be prompt is to retard the movement of the entire class; and so young pupils soon feel that orders, whether given by word or signal, must be obeyed, and they soon form the habit of prompt obedience. The notion that one must know the reason of a command before it is his duty to obey, presupposes the right of the pupil to disregard it, if it does not appeal to his belief. There is a good reason for every wise command back of it, but the sufficient reason for the pupil is the command itself. The wise teacher will, however, often give the reason for what he requests, and rarely issue a positive order. In a large school, there can be no delay, no questioning without an interference with the rights of others. This habit of obedience thus acquired often becomes helpful in the home. It is not alone in this direction that our schools have improved. Pupils can now take the examination, as required by law, for either the first or second year in any secondary school as they may elect.

We have no hesitancy in saying, and saying it with the warmest congratulations that a great step in advance has been made

and that a continuance of the same effort and an increased support of the public will place the schools of Sunapee where they belong, in the front rank of preparatory schools and I am proud to be connected with them.

F. S. SUTCLIFFE,

Superintendent of Schools.
